

Herons' Moor Academy Register of Business and Pecuniary Interests Academic Year 2018/19

It is a legal requirement that all Schools maintain a Register of Business Interests that should list, for each member of the Governing Body and Headteacher, any business interests that they, or any member of their immediate family, have.

It would be considered prudent and best practice to make members of staff aware of the requirement in order that they too may complete a form for inclusion and declare similar interests.

At the beginning of each year, every Governor should complete a copy of this form and ensure that it is updated throughout the year as and when any Business or Pecuniary interest may arise.

A **NIL** return should be completed where the Governor has no such interests.

Governors should make the register available for inspection to staff and parents.

I confirm that the above information is correct and that I will provide additional information throughout the academic year should my circumstances change.
